

HOW-TO CELEBRATION CYLINDER

MATERIALS

- Glass Cylinder
- Assorted Rhinestones
- Washi Tape
- Glass cleaner

INSTRUCTIONS

1. Clean glass cylinder and remove all labels.
2. Tape two pieces of lined paper Together. Roll up to fit inside the cylinder with the lines showing horizontally. This will become your guide to applying the tapes evenly around the cylinder.
3. Using Washi Tapes of your choice, to match the décor of your event, wrap around the cylinder, leaving spaces between tapes. Begin and end each strip at a different point, so not create a "front" or "back".
4. When all Washi tape is applied, add various Rhinestones to complement as you like. You may wrap cylinder, or just decorate the individual Washi tapes.
