

HOW-TO MDF CLOCK WITH VINYL

MATERIALS

- Wood MDF Clock-YOR 2878
- Darice Clockworks (Short Stemmed)
- Batteries
- Acrylic Paints
- Decorative Papers
- Mod Podge
- Adhesive Pearls

INSTRUCTIONS

1. Paint clock. Let dry.
2. Mod Podge™ background paper to front, leaving painted edge showing through. Let dry.
3. Cut paper for sides 1" wide.
4. Mod Podge™ paper strips to sides. Let dry overnight.
5. Rub on vinyl according to manufacturer's instructions.
6. Embellish with adhesive pearls.
7. Add Darice™ clockworks. Insert batteries.
