

HOW-TO PAPER MACHE CIRCUS TENT

MATERIALS

- Paper Mache Bird House
- Washi Tape
- Small Wooden Stick
- White Cardstock
- Black and Red Sharpie™ Pens
- Xacto™ Knife
- Hot Glue

INSTRUCTIONS

1. Cut doorway out of front of bird house, carefully cutting from the farthest point on both sides of the circle opening. Discard excess.
2. Apply washi tape around both the roof and sides of paper mache. Trim to fit.
3. Poke a small hole in the top of the roof and insert a 7 inch wooden stick down to the bottom inside floor of the paper mache.
4. Add a small amount of hot glue to secure in place.
5. Tear a 6 ½ inch piece of washi tape and stick to removeable surface.
6. To that tape, write the word "Circus" in a fun style of writing.
7. Peel the tape off the surface and fold in half around the stick. Wrap a small amount of contrasting color tape around the end by the stick.
8. Use the same contrasting color tape to edge the arch of the doorway.
