4. To make cake stand, turn ivy bowl upside down. Put adhesive on bottom of ivy bowl, then attach to unpainted inside of paper mache box.
5. Twist strips of pink crepe paper to create icing. Wrap with rhinestone strips at even intervals for dimension. Adhere to top and bottom of paper mache box.
6. Create crepe paper flowers from cream and pink tissue by gathering one edge of crepe paper and fastening together. For more petal dimension, trim ungathered edge in petal shape. Attach to top of cake and embellish with rhinestones and pearls.
