

HOW-TO WOODEN CIRCUS TRAIN

MATERIALS

- Wooden Train Kit from "Darice™"
- Acrylic Paint- red, blue, yellow, and black
- Decocolor™ Pens – gold, white and black
- Rhinestones
- Tacky™ Glue
- Stamp and Ink

INSTRUCTIONS

1. Following instructions on train kit, assemble using Tacky™ glue. Let dry.
2. Paint entire train red. Let dry.
3. Paint the roof and the smoke stack yellow. Let dry.
4. Paint the wheels, boiler support, headlamp and cowcatcher black. Let dry.
5. Paint the running boards blue. Let dry.
6. Stamp the roof of the cab with black ink using a swirl stamp of your choice. Stamp the sides of the cab as well. Let dry.
7. Accent the entire train using the Decocolor™ pens.
8. Write the word "Circus" on the side of the boiler support using a gold Decocolor™ pen.
9. Glue rhinestones to the front for headlights.
